

BANCE

TSRT14

Track and Switch Recording Trolley

- Continuous recording: automatic data capture every 5mm travelled
- 10 measurement parameters
- Highly accurate
- Simple to operate; one person set-up and operation
- Robust build quality

BANCE

The Track and Switch Recording Trolley has a proven record of success in railways and metro systems worldwide.

Measurement Parameters

- Track Gauge
- Flangeway Clearance
- Check Rail Gauge
- Back-to-back distance
- Cant / Super Elevation
- Twist
- Distance Travelled
- Toe Opening
- Clearance at End of Check Rail
- Depth (optional)

Technical Data (for 1435 mm gauge track)

Track Gauge: 1425 – 1475 mm
Check Rail Gauge: 1392 – 1403 mm
Back-to-back Distance 1349 – 1360 mm
Flangeway Clearance 22 – 54 mm
Cant 170 mm

Dimensions (packed): 1730 x 440 x 460 mm

Dimensions (set-up): 955 x 1674 x 950 mm

Weight: 24Kg

As standard, the trolley is insulated so as not to operate track circuits

The TSRT14 is available for other track gauges including: 1000, 1067, 1524, 1668 mm
